Industrial packaging

Certificate of Compliance

Reduction of Toxics in Packaging

We certify that all packaging and packaging components sold to Microsemi or its subsidiaries in all of the states of America, comply with the requirements of the toxics in packaging law.

1. We certify that the regulated metals – lead, mercury, cadmium, and hexavalent chromium were not intentionally added to any package or packaging component during the manufacturing process.
2. We further certify that the sum of the incidental concentration levels of lead, mercury, cadmium and hexavalent chromium present in any package or package component does not exceed 100 parts per million by weight.
3. We will maintain adequate documentation of this certification for inspection upon request.
