Danpack Stock Lookup – SMS Enrollment

How employees opt in to Danpack Stock Lookup text messages

How opt-in works

Danpack Stock Lookup is an internal text messaging service for Danpack sales employees only. It is not offered to the public or to customers. An employee joins as follows:

1. The employee asks to use the service and completes and signs the enrollment form below, giving their mobile number and checking the consent box.
2. Danpack adds that mobile number to the list of enrolled numbers. The service ignores messages from any number not on the list.
3. The employee starts each conversation by texting a question to (978) 953-8801. The service only sends messages in reply to the employee's own texts.

Signed forms are kept on file by Danpack as a record of consent. Employees can opt out at any time by texting STOP. Consent is not a condition of employment.

Employee SMS Enrollment Form

Employee name _____ Mobile phone number _____

☐ I agree to receive text messages from Danpack Stock Lookup at the mobile number above, sent in reply to the inventory, order and customer questions I text to (978) 953-8801. Message frequency varies. Message and data rates may apply. Reply HELP for help or STOP to cancel at any time. Consent is not a condition of employment. I have read the SMS Terms and Conditions and SMS Privacy Policy.
